

WORKSHOP ON ADVANCED COMPOSITING: MAKING INDUSTRY READY GRADUATES

The workshop on Advanced Compositing, used heavily in the movie industry, was conducted by DDU KAUSHAL Kendra on 27th and 28th November 2019.

Conducted by Mr. Dhanabal, 3D Generalist, Mangopost.in, for II PG batch of 3D Animation, it was a big learning experience for students.

The students were trained in basics of VFX, Rotoscopy, Green mat removal, tracking and projection. From skills on how to do roto for a human character to methods for removing green background, the skill sets learnt were of great use for the students. Especially the practical sessions on tracking points were appreciated by the students.
