ABOUT THE EVENT:

Teachers' Day marks the Birth Anniversary of Dr. Sarvepalli Radhakrishnan, the 2nd President of India and also a great Teacher. Our country has witnessed a president, who was also a great teacher, Dr. APJ Abdul Kalam, highlighted the quality of education. He said that, “Teachers are the backbone of any Country, the Pillar upon which all aspirations are converted into Reality”. An individual nurtures the child with his knowledge and experiences and turns the student into a responsible human being. Teaching is one of the Noblest Professions in the world. The relationship between a teacher and student is one of the most influential factors in a learning environment. “If a teacher has a good relationship with students, then students will more readily accept the rules and procedures and the disciplinary actions that follow their violations”. This relationship also helps the parents to understand the child and his/her character.

The office bearers of the commerce forum planned to celebrate Teachers' Day in the department, where forum members and students of the department came together to greet their teachers. They had also planned to distribute flower pots with plant saplings as a token of gratitude to all the professors in the department. This initiative was taken by the commerce forum to promote the green practice among everyone and also enhance the quality of work life among the teaching fraternity.

Through this initiative the office bearers gained the experience of organizing an event amongst the busy schedule as the college celebrated the Teachers Day for all the staff members in the campus and also inaugurated the curtain raiser of the OVATIONS 2022 – a mega inter departmental cultural festival for the students community.
