PHOTOS OF THE SESSION

Mr Gitson addressing the students

About the Session

The Department of Commerce (Shift - II) undertook to sensitize students on the career opportunities available in India and outside India, the preparedness and the nuances in choosing the right option. In this regard, Prof. R. Amala Priya invited an alumnus from the department of commerce (shift - II) Mr Gitson. Y., Client Partner, Access Health Care, Chennai, who also secured admission for Masters Programme in a university in UK, to share his experiences and expertise with the students of 2nd year B. Com. on Tuesday, 17th May, 2022 at 1:30 p.m.

Mr Gitson began his talk stating that we are never too late and we must always stay focused on one's goals and must constantly work to achieve them. He shared his experiences and the game plan in procuring admission into universities outside India. He stated that the ground work begins from the day a student joins the college. He insisted that the students listen to the class rather than going home and studying a

chapter that was taught for 3 or 4 weeks which one cannot understand instantaneously. He also stated that one must determine his future, as to how one sees himself in the next 5 years, where he desires to be. Efforts should be made towards it. Furthermore, he added that there must be proper ground work to determine one's career. One should identify the scope for his career, one's passion and their financial position. Hard work is the key to all success, to stay focused, determined and consistent. There must be consistency in every step that we undertake for our glorious career.

Mr Gitson said that he never wasted time in chit-chats with friends but focused on the subject and stayed consistent in his efforts and did not change his dream and is constantly working towards it. He encouraged all the students to stay focused and make the best out of the college.
