Bob's Banter

Imbalance on Independence Day..!

I stood with the rest of the gathering, at attention as the strains of Jana Gana Mana ended, and the National Flag was unfurled. I watched as those around me walked away for their light refreshments, , and then heard voices around me, "It's not balanced!"

"Yes sadly it isn't!" said another familiar voice.

"Of course it is!" I snarled without turning around, "The pole is balanced. The flag is also balanced. See how it waves in the wind!"

"It's not the pole or the flag in the wind, we are talking about!" said the first voice, "It's the colours! They are not balanced anymore!"

I turned around slowly and realised I stood alone, next to the just unfurled flag. "I hear your voices!" I whispered, "But can see no one!'

"We are here for your flag unfurling!" said the first voice.

"And you said there was no balance, and I said there is!" I replied.

"But there isn't anymore!" said the second voice, sounding even more sadder, "Just look at your flag!"

I looked and could see nothing wrong, "When we got it made!" said the first voice which I now recognised was that of the late Jawaharlal Nehru, "The saffron, white and green were equally balanced!"

"It is!" I said.

"What we can see, you can't!" said the second voice, that of the Mahatma, "And the imbalance which may sound good to some, may also have brought politicians to power, will soon create huge problems!"

"Only an equal balance of orange, white and green will keep the country stable!" the two voices said together.

I looked hard at the flag and saw how right they were. The colour on the top was slowly spreading, but as it spread down, it was turning from it's original colour to colours which expressed anger and hate, and unrest!"

"Can you see what is happening when one colour tries to grab the whole flag?" asked the first voice.

"Yes!" I said, "it's a different flag I see!"

"It's only in balance and proportion that the country can stand proud and alone.."

"..and strong and independent!" said the second voice.

I saw the others coming back to the flag, "Why are you standing and staring at the flag?" they asked.

"It's not balanced!" I said.

"That's okay!" some said.

"No!" I whispered, "It will not work any other way except if the colours are balanced! Look around you, democracy has failed in all the nations where any one colour tries to dominate. Don't let this happen here!"

"Keep telling them!" I heard both the voices of two men who I knew had fought and won our freedom, "Keep telling them, that only through balance in those three colours of saffron, white and green can we remain a great country and an Independent India. Jai Hind..!"

சிலருக்கு நிறங்களை சரியாக பார்க்க இயலாது. குறிப்பாக சிகப்பு, பச்சை நிறங்களில் இந்த பிரச்சினை எளிதாய் வெளிப்படும். பலர் இந்த குறைப்பாட்டுடன் பிறக்கின்றனர். சிலருக்கு பிறந்த பின்னர் இந்த குறைபாடு ஏற்படலாம். சிலருக்கு மிக அதிகமான பாதிப்பாகவும் ஏற்படலாம். ஆனால் மருத்துவர் உதவியின் மூலம் சில முன்னேற்றங்களை பெற முடியும்.

Most of today's billionaires earned while they learned!

And maybe that's one reason there aren't too many in India, since many of those billionaires abroad learned a lot from the lobs they worked at even as they

I'm certainly not anywhere near being a billionaire, nor aspiring to be one, but I remember paying my way through college, writing and selling radio plays, and working as a salesman in my dad's company. All that experience has helped me as much as all I learnt as a graduate and post-graduatel

Warren Buffet whose net worth is \$ 77 billion started working on his billion-dollar empire when he was just a boy. At age 13, Buffett had his first job running a newspaper delivery business. Already a budding businessman, Buffett even deducted his bike from his taxes that year. He went on to start a pinball machine business as a teen, looking for business opportunities wherever he went and graduating college

with a \$10,000 profit from his business ventures.

If you've ever watched an Oprah Winfrey show and think how lucky she is, Winfrey got her start in an average menial job at a grocery store next to her father's Nashville barbershop. She quickly made her move to broadcasting, reading the news for the local radio station by age 16 and moving herway up to the media powerhouse she is today.

Then there's Michael Bloomberg, best known for his investment and political career, but before his success, he worked as a parking lot attendant. As the son of middleclass parents, Bloomberg paid his college tuition by working and eventually went on to graduate with an MBA from Harvard. He got his start on Wall Street at Salomon Brothers and is now one of the wealthiest in America.

And yes, the whole world knows Bill Gates, but do they know his first job was as a computer programmer for TRW during his senior year in high

And then there's Amazon's Jeff Bezos, most probably the richest man alive. Way before he founded Amazon and began selling everything from books to newspaper subscriptions, Jeff Bazos was flipping burgars behind the grill at McDonald's. He often said he learned one of his business' most important lessons from that experience: to move things quickly from seller to customer without damaging the goods. And that's exactly what Amazon tries to dol

Yes, college life is fun, and I'm sure nobody wants to lose out on that, but that fun can still be had in the evenings, after college. I doubt, from what my friends tell me, I missed out on tun, except time spent bunking classes and hanging out in the cafeteria, I hung out with my pen or briefcase, and have no regrets for the company they gave, and Instead feel a deep satisfaction for time well spent!

Unity is a journey, not a destination

M Rafi Ahmed Chief Minister M K Stalin said that humanity and communal harmony are the need of the hour. This observation was made by him during the centenary celebrations of industrialist and philanthropist Pollachi Dr N Mahalingam this January in Chennai when he pointed out that the Arutchelvar's spirituality was communal harmony based on his preachings of his guru Vallalar and Mahatma Gardhi and he firmly believed in the concept of 'Samarasa Suddha Sanmargam'.

No doubt, the great personality played a pivotal role in creating a society with social harmony and brotherhood among different faiths. Taking this in the right perspective, the Shanti Ashram, Arigatou International. Global Network of Religions for Children (GNRC) and Jamaat-e-Islami Hind conducted its fourth edition of Journey for Unity' during the 'Train the Trainer Workshop'.

Earlier, the participants women-folk, mostly assembled at Koniamman temple on Big Bazar Street and went around to get info about the history of the ancient temple and later visited the oldest mosque in the city--Athar Jamaat Maspid on Oppanakara Street, era.

Interestingly, the jamaath executives opened the gates for the women to have a peek inside the mosque premises and learnt about the five time namaz and other rituals.

At the Curdwara Singh Sabha, the visitors, who craved to know about the culture and traditional practices of different religions were overwhelmed to learn about their Hely book and the daily prayers. The 150 year old St Cathedral Michael's rolled out a red carpet. for them wherein they went near the altar of the church and interacted with the Parish priests to know about the cathedral dating back to the British

the members And the journey for unity were welcomed by the executives of Suparshvanath Jam Shwetambar Mandir located at R G Street in the heart of the busy shopping hub in the city and finally they reached the Mahatma Gandhi Museum where they were received by Narasimhan followed by vote of thanks by A. Abdul Hakkim.

TAILPIECE: Despite the necessary instructions given by the City Police Commissioner (CoP) to the concerned jurisdiction police station officers to extend cooperation to the event organisors, the local inspectors and the sleuths. from the Intelligence Section (IS) objected to

the conducting of the event which came as a rude shock to organisors. What is surprising is that the local cops hardly have any knowledge about the significance of communal harmony and universal brotherhood bring peaceful coexistence: among different faiths. Much saddening to learn that the local police behaved in a rude way using a threatening tone as if they have committed a grave crime. It is high time for the peoplefriendly CoP, known for his affable nature and public friendly initiatives to organise an awareness event more specifically for local inspectors and the IS people.

You Will Never Grow Old

You will never grow old, While there's love in your

Time may silver your golden As you dream in an old

rocking-chair, You will never grow old.

Don't be fretful, or regretful,

That you will grow old much With a love, dear, to dream of, dear.

You'll stay like a rosebud in June.

My dad was no great singer, but he loved to sing to my mom, and I still remember dad singing these lyrics of Nat King Cole to my mother many moons ago. And as I thought of those lines about growing old, I chanced to read an article on ageing by General Douglas Mac Arthur:

Youth is not entirely a time of lite; it is a state of mind. It is not wholly a matter of ripe cheeks. red lips, or supple knees. It is a temper of the will, a quality of the imagination, a vigour of the

emotions, a freshness of the deep springs of life. It means a temperamental predominance of courage over timidity, of an appetite for adventure over love

Nobody grows old by merely living a number of years. People grow old only by deserting their ideals. Years may wrinkle the skin, but to give up interest, wrinkles the soul!

Worry, doubt, self-distrust, fear and despair....these are the long, long years that bow the head and turn the growing spirit back to dust.

Whatever your years, there is in every being's heart the love of wonder, the undaunted challenge of events, the unfailing childlike appetite for what next, and the joy and the game of life. You are as young as your faith,

as old as your doubt. As young as your selfconfidence, as old as your fear. As young as your hope, as old

as your despair. In the central place of your heart there is a recording

Duraivelan

Chennai-

chamber; so long as it receives messages of beauty, hope, cheer and courage, so long you are young!

When the wires are all down and your heart is covered with the despair of pessimism and the ice of cynicism, then and only then are you grown old!

A woman asked Robertson McQuikin, "Why does God allow us to get old?" Robertson replied, "I think God has planned the strength and beauty of youth to be physical, but the strength and beauty when growing older is spiritual. We gradually lose the strength and beauty that is temporary so that we'll be able to concentrate on the strength and beauty that is forever!"

So even as I reminisce on my dad and his singing, I realise that it's a different strength and beauty we should be building up as we get older, a strength that will give us a knowledge of eternity and a beauty that will reflect the God we walk with ...!

Many of us sit on boards or on committees. There is a reason for you being there, and the reason is not to go about doing the mundane and ordinary but to tackle problems others have left unresolved.

Most committees don't go for

the impossible, because the chairman or president want to have a safe year. But he or she also wants to be known as spectacular leaders, so they take ordinary projects like planting a few trees, giving a few clothes to the poor and photographing it and sending the pics all over to make people teel they've done the impossible.

The only impossible thing they've done is to make small, look big through clever photography

Don't get caught in this trap. Pictures may lie, but truth won't. Look around; your impossible task, maybe something simple, but which others say can't be done. For a club president last year, it was just the cleaning of a garbage dump, which people for twenty odd years had said couldn't be done. It was done. What's your impossible project? Do it, show it can be done, and you'll have the satisfaction of knowing you can make the impossible possible ..!

What Would You Like to Hear?

Yesterday I heard a friend of mine, appealing to others in a group to donate towards those who needed food, clothing and shelter in Manipur. Even as I heard his appeal, and saw his sincere efforts to help, I realised that many of our hearts had turned to stone when it came to giving to people in distress.

And yet in our afterlife, we hope God will take us to eternity to live with him. To those stone hearted people will I quote directly from Christ's words in Matthew 25, vs 23 of the Holy Scriptures: 'And He will put the sheep on His right, but the goats on His left. Then the King will say to those on His right, 'Come, you who are blessed by My Father, inherit the kingdom prepared for you from the foundation of the world.

For I was hungry and you gave Me something to eat; I was thirsty and you gave Me something to drink; I was a stranger and you invited Me in; I was naked and you dothed Me; I was sick and you visited Me; I was in prison and you came to Me."

Then the righteous will answer Him, 'Lord, when did we see You hungry and feed You? Or thirsty and give You something to drink? And when did we see You a stranger and invite You in? Or naked and clothe You? When did we see You sick, or in prison, and come to You?" And answering, the King will say to them. 'Amen. I tell you, whatever you did to one of the least of these My brethren, you did it to Me.

Then He will also say to those on the left, 'Go away from Me, you cursed ones, into the everlasting fire which has been prepared for the devil and his angels. For I was hungry and you gave Me nothing to eat; I was thirsty and you gave Me nothing to drink; I was a stranger and you did not invite Me in; naked and you did not clothe Me; sick and in prison and you did not visit Me.

'Then they too will answer, saying, 'Lord, when did we see You hungry or thirsty or a stranger or naked or sick or in prison, and did not care for You? Then He will answer them, saying, 'Amen, I tell you, whatever you did not do for one of the least of these, you did not do for Me. These shall go off to everlasting punishment, but the righteous into everlasting life."

Woll. It's quite clear isn't it? Hold on to your money, and as the everlasting fires burn, you may be still holding onto that useless wallet, but locsen your purse's strings now, and you may hear those blessed words, "Welcome my child! 'whatever you did to the least of these, you did for Me!"

What would you like to hear? 'Go awayl' or 'Welcome'?

UK MP Sharma bestowed Mauritius Award

Dr. Ravi Chaturyedi Between the years

834 and 1920, a notable influx of nearly 700,000 Indian indentured laborers transpired at Aapravasi Ghat, a prominent embankment situated in the harbor of Port-Louis. This historical occurrence rendered Mauritius the principal recipient of indentured migrants under British colonial administration. These laborers primarily originated from the Bhojpuri-speaking regions of Hihar and Uttar Pradesh. At present. the descendants of these indentured laborers constitute a substantial two-thirds of the island's existing population.

The assimilation of se Indian improprants into the once-dodo inhabited island, which was home to the extinct flightless bird Raphus cucullatus, took time. Nevertheless, they preserved their cultural affinities by celebrating their native country's testivals fervently and utilizing the Bhoipuri dialect as a medium of communication. Subsequently, as educational opportunities emerged, the adoption of Hindi gained traction within schools The profound cultural linkages prompted the Government of Mauritius to establish the Mahatma Gandhi Institute in 1970. This institution's inauguration, presided over by Seewoosagur Ramgoolam, the Prime Minister of Mauritius.

and Indira Gandhi, the Prime Minister of India. transpired in 1976. The Institute has since navigated its trajectory with the objective of catering to the mounting educational, academic, and cultural requisites of the nation while contributing regionally. The enduring significance of Hindi within the national psyche prompted the Mauritian government to host three World Hindi Conferences (in 1976, 1993, and 2018) as a means of promoting education. Acknowledging foreign dignitaries who have been instrumental in advancing the cause of education, several accolades have been established. The third Excellence in Education Awards, conducted by the Intelligent Minds Trust (IMT) at the World Hindi Secretariat in Mauritius on August 23, featured the conferral of the 'Special Guest Award' upon Virendra Sharma, the distinguished Member of Parliament for Ealing Southall. United Kingdom. This significant event was graced by the presence of the President of Mauritius, Prithvirajsing Roopun, Vice Prime Minister Leela Devi Dookun-Luchoomun, and Mahen Kumar Seeruttun, Minister

of Financial Services and Good Governance of Mauritius.

In his acceptance of this prestigious award, Sharma drew inspiration from the tenets of Nelson Mandela, who pronounced, "Education is the most powerful weapon for changing the world." Sharma's resonance with this maxim is evident in his unwavering commitment in his parliamentary Mandhali." constituency of Ealing Southall. He espouses the conviction that education holds the capacity to ameliorate challenges, alleviate poverty. eliminate prejudice, and facilitate equitable progress. Recalling his mother's contributions towards education in his native village of Punjab, Sharma underscored the transformative potency of education in his personal journey.

While receiving the coveted award, Sharma recalled nostalgically the contribution of his mother in furthering the cause of education in his native village in Punjab. Highlighting the significance of education in the present global scenario, Sharma said, "Education resolves

all problems, it lifts people out of poverty, destroys prejudice and empowers equality. The value of education is without question and without equal. In my own life I have seen the transformational power of education, now as a policy maker and member of the International Development Select Committee, but as a boy through the work my mother did setting towards enhancing up the first girl's school educational intrastructure in my home village of

> On a personal note, Sharma said, "I am honoured to be recognised here today by the Intelligent Minds Trust, and grateful to the Honourable Prime Minister for his kind words and the award."

Concluding. Sharma expressed profound gratitude for being recognized by the Intelligent Minds Trust and extended appreciation for the conferred award. He eloquently invoked the words of Albert Einstein; whose statement encapsulates the paramount importance of education in moulding individuals and shaping societies, asserted that "Education is not the learning of facts, but the training of the mind to

TNCA President's XI gets three points in drawn encounter

BUCHI BABU

Rayan Rozario COIMBATORE

The TNCA President's XI quite deservedly collected three points for the hard work and the first-innings lead against Indian Railways in a Group-A clash that meandered to a draw in the all-India Buchi Babu invitational cricket tournament at the Sri Ramakrishna Institutions grounds here on Friday.

The visitor enjoyed the edge of taking the lead for most part, but Vimal Khumar put up a resolute batting display the other day to turn the tide in favour of the host.

Railways knew it let slip a great opportunity but did a bit of second-innings batting practice for the matches ahead.

"We are pleased to have collected three points. It was not just Vimal but the entire lower order which spent much time at the middle and did it beautifully for the team," said Vijay Shankar, the host skipper.

The Railways' skipper

Mohammed Saif was obviously disappointed.

"TNCA played very well but, at one point, we thought we had them. However, we slipped a bit. We bowled a few overs short and that came into play as well but we played a good

Former champion Indian Railways starts with a big win over Central Secretariat

ormer champion Indian Railway up a ruthless display on the opening day of the MCC-Murugappa Gold Cup All-India hockey tournament here on Thursday, with a 9-1 rout of Central Secretariat in a Group-A match. Former India forward Yuvraj Walmiki, struck four goals.

Earlier, in a Group-B contest, Hockey Unit of Tamil Nadu (HUTN) and CAG played out a 1-1 draw.

Railways crushed the hopes of its opponent pretty much in the first two quarters by scoring five goals with Yuvraj scoring three of them.

Pratap Lakra opened the floodgates as early as in the fourth minute with a fierce penalty corner strike that hit the left side of the roof. Four more goals followed in a matter of 13 minutes and it looked like Secretariat would have little or no chance and it stayed that way till the last minute.

In the HUTN-CAG clash, both the teams were initially wary of each other, and it took a while - till the second quarter - for the teams' to get the hang of the other's game.

TN, comprising mostly youngsters, played well within itself, and its defence appeared rock solid for the most part. CAG gradually picked up speed in the second half, with some aggression from its midfield and forwards.

HUTN was the first off the blocks when M. Dhanush deflected one off a penalty corner strike by Sahil in the second quarter. CAG equalised through a fine backhander by Abharan Sudev in the third quarter.

The results: HUTN 1 (M. Dhanush) drew with CAG 1 (Abharan Sudev); Indian Railways 9 (Yuvraj Valmiki 4, Pratap Lakra 2, Sheshe Gowda, Deepak, Gursahibijit Singh) bt Central Secretariat 1 (Hassan Basha).

Star player: Indian Railways' Yuvraj Walmiki, left, who had a field day, in action against Central Secretariat. R. RAGU

GPBL put off indefinitely after pressure from BAI

N. Sudarshan BENGALURU

The second season of the Grand Prix Badminton League (GPBL), scheduled to get underway here from Sunday, has been put off indefinitely. The decision was announced Saturday evening by Prashanth Reddy, League Commissioner and CEO of Bitsport Private Limited, the promoter of

The organisers' hands were forced after wellknown Indian players, including the fast-rising Mithun Manjunath and world championship medallist Sai Praneeth, pulled out on the face of relentless pressure exerted by the Badminton Association of India (BAI), which deems the league as "unrecognised."

Mithun was bought for a staggering ₹14.5 lakh by Chennai Superstarz in the auction, whereas Sai Praneeth was procured by Northeast Rhinos for ₹10 lakh. However, closer to the start date, players were said to be "troubled and terrified" of the potential consequences.

'We have been forced to take this decision in the interest of the players," said Prashanth. "We have hit pause. The BAI can be vindictive towards the players and we don't want the players to suffer."

The development has come despite GPBL securing interim relief from the Karnataka High Court on Friday where the conduct of this year's tournament and participation of the players were both allowed.

IOC weathers a Navy fightback

Central Secretariat sufferes its second successive defeat; PNB beats Indian Army

omprising former Olympians and a host of former Internationals, a starstudded Indian Oil Corporation (IOC) overcame a spirited fightback from Indian Navy to prevail 4-2 in a Group-A match of the 94th MCC-Murugappa Gold Cup All-India hockey tournament here on Saturday.

Earlier, in another Pool-A contest, Hockey Karnataka put it across Central Secretariat 2-1 while Punjab National Bank (PNB) edged out Indian Army by the same margin in a Group-B tie.

Navy appeared a confident and coordinated unit and matched the defending champion in attack and defence. Every time, IOC went ahead it came back strongly to neutralise the scores.

At 2-2, IOC showed why it's a champion side. In a clever penalty corner

move, Gurjinder Singh, instead of going for a direct shot, passed it to Affan Yousuf, who placed himself on the right side of the 'keeper.

Without batting an eyelid, the striker flicked it home, a move that flummoxed the 'keeper Sanjay.

The Navy continued to put the IOC defence under immense pressure making several raids.

IOC, however, had the last laugh through Roshan Minz, a former International, when he pushed one from close range in a quick counterattack.

Central Secretariat suffered its second successive defeat when it lost to Hockev Karnataka in a drab match that saw both teams miss many gilt-edged chances.

The results: Hockey Karnataka 2 (Thrishul Ganapathi, Pranam Gowda) bt Central Secretariat 1 (Mohd. Shariq); PNB 2 (Gursimran Singh, Sachin) bt Indian Army 1 (Rajant); IOC 4 (Arshdeep Singh, V. R. Raghunath, Affan Yousuf, Roshan Minz) bt Indian Navy 2 (Sushil Dhanwar, K. Selvaraj).

counter-attack for CAG in the second quarter, IAF hit back quickly with a nearperfect penalty corner strike by Lovedeep Singh that hit left side of the roof.

CAG and IAF fought tooth and nail in the third quarter without conceding an inch. Skipper Chandan Singh scored what turned out to be winner off a penalty corner in the fourth.

Indian Army prevailed over HUTN in a match that was scrappy for most part. Both teams failed to cash in on the numerous opportunities that presented themselves. Army could convert only two of the seven penalty corners. On the other hand, the circle penetrations of HUTN were below par, an aspect that showed its forwardline in poor light.

iding on Gurjinder Singh's brace, defending champion Indian Oil Corporation (IOC) overcame a fighting Hockey Karnataka 4-3 in a Group-A match of the 94th MCC-Murugappa Gold Cup All-India hockey tournament here on Monday. For Karnataka, Ganesh Majiji's hat-trick went in vain.

Later, in a Group-B match, a clean strike by skipper Naveen Antil towards the end of fourth quarter enabled Puniab National Bank (PNB) eke out to a solitary goal-win over Indian Air Force (IAF).

Gurjinder has been the go-to drag flicker for IOC so far. On the day, the 29year-old didn't disappoint coming up with two powerful strikes off penalty corners.

Clear strike

He opened the account early in the first quarter, with a clear strike down the centre and another at a critical time when Karnataka started to mount a stinging counter-attack.

Game-changer: Gurjinder's brace helped IOC survive a scare from Hockey Karnataka. R. RAGU

The PNB-IAF contest was mediocre to say the least. Action picked up only in the fourth quarter when both teams were desperate to score.

A wonderful pass from the right by Jenjen Singh saw an unmarked Naveen Antil flick one into the net for the winner.

IOC was the better team throughout and held possession for most part.

In a sudden burst of action, Karnataka from being 0-3 down struck two goals in a matter of few minutes through Ganesh in the third quarter. An experienced IOC didn't panic and held firm. Ganesh's three goals were really good. The pick of the lot was his third goal, a brilliant backhander that he hit on-the-run.

FIFA lifts suspension on SLFF

Associated Press ZURICH

FIFA lifted a suspension on the Sri Lanka Football Federation (SLFF) on Monday that was imposed for government interference in its independence, clearing the men's national team to begin qualifying games for the 2026 World Cup. FIFA imposed the sanction in January when the federation was not exempted from a Sri Lankan law that put limits on candidates for sports elections. The federation should now have fresh elections on Sept. 29, FIFA said.

A spectacle

The tie involving Karnataka and Indian Navy was a spectacle with both playing entertaining hockey with speed being the common feature. In sharp contrast, the PNB-HUTN match was an eyesore as the teams' lacked imagination. As a host, HUTN was a huge disappointment collecting just one point from four matches.

amil Nadu leg-spinner M. Ashwin will play for Chandigarh in the upcoming domestic season (2023-24).

The 32-year-old leg-spinner, primarily seen as a white-ball bowler, is the leading wicket-taker for Tamil Nadu in the Syed Mushtaq Ali T20 tournament with 55 scalps in 50 matches (economy rate: 6.75).

However, with TN having a quality spin attack with left-arm spinners R. Sai Kishore and M. Siddharth in its ranks, Ashwin has not been a regular in the XI in the last few seasons. He figured in only three games in last year's Mushtaq Ali tournament.

Yes, the former champion has played really well,

not losing a match in its group (A). Railways also has scored the most number of goals (18) of the four teams.
