The department of Service Learning conducted the Orientation program for the second year UG students at **Bertram hall** from **19th June, 2017 to 27th June 2017** as tabulated above. The orientation program was conducted for students from 43 departments and around 2900 students attended the orientation program. Professor In-charge for the orientation program had prepared the students for master of ceremony and prayer song to start the event. Professor In-chargers had taken a role to welcome the gathering and the chief guests.

Prof. Pencier, the Vice Principal (Shift I) & Dr. Robert Selvan, Vice Principal (Shift II) spoke about the importance of the Outreach program and its significance and encouraged the students to commit themselves whole heartedly towards the program.

Prof. Andrew Susairaj from department of Social Work, Prof. John Jeyakumar from department of Social Work, Prof. Susairaj from department of Sociology, Prof. John Kaviarasu, Prof. Kaleeshwaran from LSSS & Dr. Kalaiarasi spoke about the important aspects of Outreach and about the importance of collecting relevant information from the people. Students

have to keenly observe everything that happens during their intervention in the slums. By interacting and speaking with the people there are a lot of things that the students can learn during their Outreach sessions. Resource people motivated the students to effectively carry out their intervention. They shared a few experiences with the community people during the Chennai floods.

The Director Rev. Fr. Louie Albert SJ spoke about how the Outreach program can shape the personality of a student and it can also contribute towards the holistic development of a student. He further mentioned that the Outreach program can enhance the Emotional Intelligence of a student and he believed that the experience will dictate their conscience in the future. He also spoke about Moral rectitude and the impact of the program in character formation of a student. The Director encouraged the students to exhibit a higher level of participation in the activities of the department.

The third year students from various departments shared their views and their experiences from the Outreach program during students' sharing. Community volunteers from the outreach intervention slums also shared their observations about the involvement of the students and about the initiatives and programmes conducted by the students.

Professor In-chargers as mentioned in the tabulation, made their presentation about Outreach department and the nature of involvement and participation which is expected from the students. The program ended with the Vote of thanks by the II year students.
