

### **Demonstration Class at the new Language Lab**

An ultra modern, state-of-the-art Language Lab has been installed in the III floor of the new Commerce building. The Lab has 50 terminals to accommodate an entire C stream class. The software to teach Basic and Advanced English has been installed by Young India Films Ltd. A demo on how to use the Language Lab was given by the staff of the company on 21.06.2016 and 22.06.2016. The HOD and Professors who handle Communicative English classes as well as C stream had hands on experience of utilizing technology for Language Teaching and Learning. The Department of English is grateful to our Management for providing this hi- tech tool to enhance the acquisition of English as a Second Language.
