LOYOLA COLLEGE
DEPARTMENT OF OUTREACH
REPORT ON HEALTH AWARENESS PROGRAM

Introduction

The slum community is living under low education, poor health and poor housing and amenities. So, our students had conducted free health awareness program for them with the idea of helping them to build up their health.

Objectives

1. To motivate them on health issues.
2. To provide preventive medicine for the problems.
3. To motivate students to help the slum dwellers in their need.

The Loyola students from the department of BBA-Shift-II had celebrated HEALTH Awareness PROGRAMME for the SHERKHAN THOTTAM people and children on 07-10-2011. To spread awareness on the current diseases prevailing in the slums and the way to eradicate it was the aim of the programme.

Chief Guest was DR.MARY RAMOLA, MBA Health Service Management and Mrs. REMA, TB UNIT GOVERNMENT DISPENSARY AND Department invitee was MR.L.MARIA ALPHONSE LIGORI.

Dr.E.ANAND, Coordinator, Department of outreach and teaching team had started the program by invoking God’s blessings.

The prayer song was sung by Balwadi team after the prayer. Chief Guest Dr.MARY RAMOLA and MRS.RAMA gave an inspiring speech on health issues affected the people.

Students provided biscuits and juice to the participants.
Department of outreach Professor Dr.E.Anand honored the chief guest with shawl. He also thanked all the students and organizing committee members for making the program a successful one.

At last vote of thanks was given by Madhav team leader and we concluded the programme with national anthem.
THE AUDIENCE STANDS FOR THE PRAYER SONG.
People of sherkhan thottam were attending the programme.
