PROJECT WORK:

The rationale behind this practical paper is to:

- Expose you to the various operational and practical aspects of business.
- Train towards application of concepts learned in theory classes.
- Help in developing written / communication skills required for a practical business executive.

I now draw your attention to an important practical activity to be carried out by you during this semester i.e., PROJECT WORK.

@ All Project Works should have a Guide/Project supervisor approved by the PULC twinning centre at Loyola College.

@ Project Work should be either a Field Survey study, Comprehensive Case study on the functioning of a business organization, Inter-organizational study application of optimization techniques for business decisions, computer systems development for business operations.

@ Make a thorough reading of your I semester paper titled “Research Methodology” and adopt the procedures explained in it. Description of Objectives of the work, Methodology, Sampling, Hypothesis, statistical data analysis and Report preparation should largely be explicit and adhere to the standard Project Reports.

@ Subject matter organized has to be neatly typed (with one and half line space) and submitted in hard bound / spiral bound form. Please type only one side of the page. Use only A4 size paper and the report may be within the range of 80 -150 pages.
TOPIC / AREAS OF THE PROJECT WORK:

THE REPORT
After collecting the necessary information from primary and secondary sources, substantial number of visits to select companies / organizations and administering questionnaire / Interview schedules, if any, the students are advised to discuss with their Project Guides for necessary directions on how to analyze the data. Based on the PROJECT GUIDE’S advice, carryout necessary tabulation of data, application of statistical tools, testing of hypotheses if any, and then prepare a plan of chapterization to prepare a PROJECT REPORT. Your compliance with the following format, may enrich the quality of the Report (refer to your Research Methodology course material for deeper details)

CHAPTER I: INTRODUCTION
This Chapter may contain a brief background of the problem under study starting from Macro economy dimension to micro trends, contemporary developments in the given aspect under study. Brief survey on different studies/ Review of Literature on this theme may add richness to the work. This Chapter should contain the Objectives of the study, Methodology and Sample selection, Research Design, Period of the study, sources of data, tools of data collection, Statistical analysis, broad hypotheses put for testing, limitations, etc. Further, the technical terms used in the study, a priori relationships expected between the variables, Models intended to be developed / tested are to be specified in this chapter.

CHAPTER II: INDUSTRY & COMPANY PROFILE
Company Profile/ Industry Trends etc

CHAPTER III EMPIRICAL RESULTS / DATA ANALYSIS & DISCUSSION
This chapter should contain a logical presentation of the empirical results after completing the data analysis. This should contain neatly tabulated results, results of Hypotheses tested, graphs and figures, if any, along with necessary interpretation. A comparison of results with earlier studies may add novelty to the work. A detailed discussion on the basis of results of analysis should be given in this Chapter.

CHAPTER IV: SUMMARY OF FINDINGS AND CONCLUSIONS:
This Chapter should focus on broad observations made by the study against each objective specified in the 2nd chapter. All observations should neatly be bulletined along with suitable captions. This chapter should also give a brief list of conclusions drawn by the study and then provide necessary suggestions for the policy makers / managers on future course of corrective action.

**Bibliography**

Every Project work should contain a list of books consulted for the topic studied, Research Reports, list of research articles and popular academic articles published in different journals be documented in standard pattern. It is also better to mention the websites referred for the secondary sources of materials.
