GUEST LECTURE ON “CAREER OPPORTUNITIES ON LOGISTICS AND SCM” - A REPORT

The **Department of Business Administration** of Loyola College conducted a guest lecture on the topic **“CAREER OPPORTUNITIES ON LOGISTICS AND SCM”** on 27th feb, 2025 in the Y.D HALL and it commenced with a prayer song.

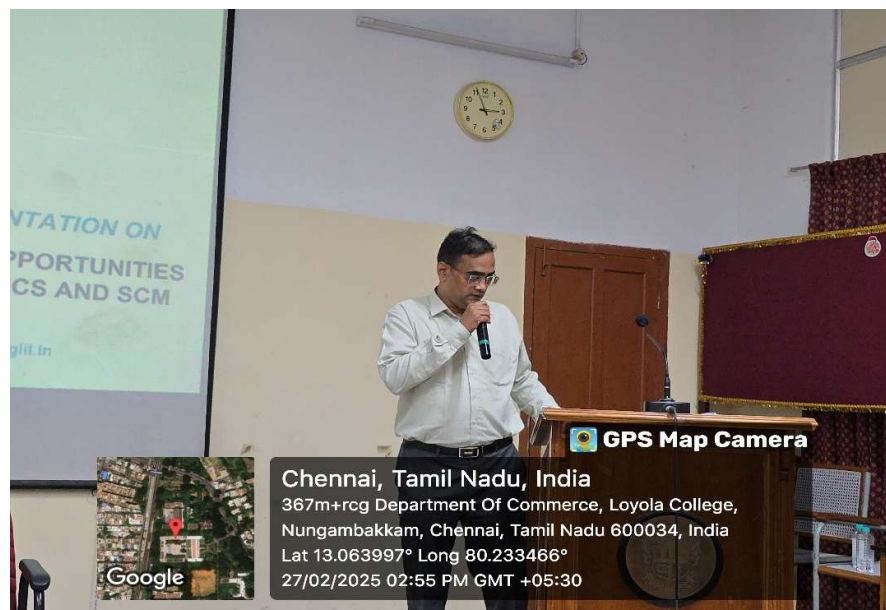

Prof.dr Austin Xavier Amirtharaj delivered welcome address by introducing the chief guest through the post and role and the felicitation was also done by Prof.dr Austin Xavier Amirtharaj

Later, the memento was presented by Prof.dr.K.C. Balaji.

Mr. Seeni Mohamed expressed his views on the topic “Career Opportunities On Logistics and SCM” and started off the lecture.

He then interpreted on aspects of logistics and SCM

What is logistics?

Moving a goods from point A to point B through different modes of transport.

Mode of transport

Sea cargo, air cargo, railway and road transport

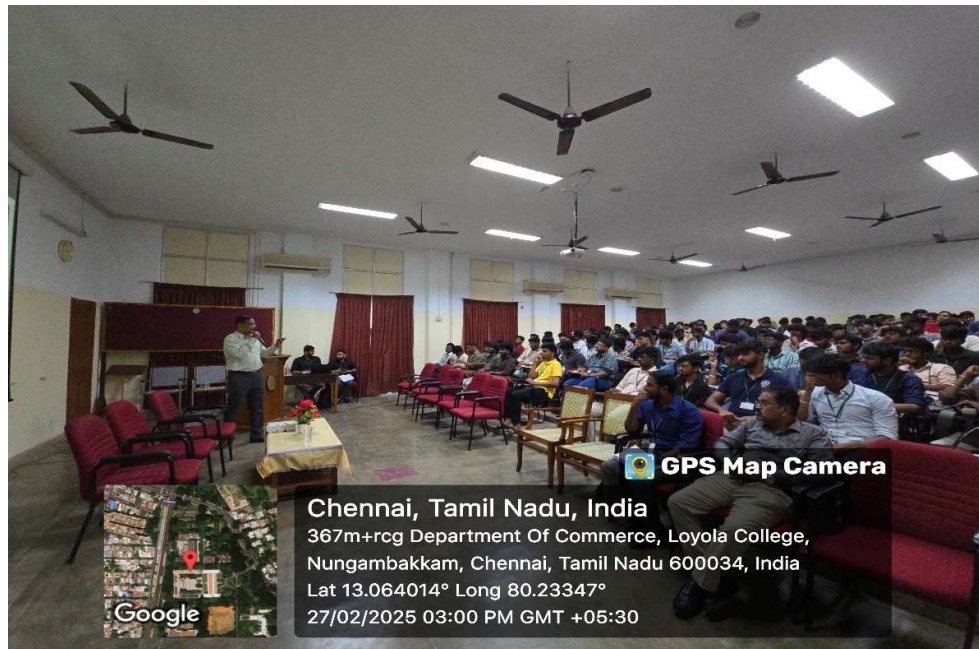

Other shops vs Walmart (advantages) job opportunities available when there is no physical presence of company - provides job opportunity.

30 years back Australian apple was not available, due to logistics it is now available in Neelgiri

Example- snake bite medicine: Hyderabad produce medicine for snake bite ,

More than 1000+ logistics industry is present in Chennai

He then walked us through the functions of Logistics and SCM

Functions:

Warehouse: commercial space for supply chain that is used to store foods and raw materials.

Freight forwarding: third party assisting and coordinating across international border on behalf of shopper and receiver.

Liners: type of shipping company that scheduled service along specific routes. liners follow set timetable for transporting goods and cargo, providing consistency and reliability in shipping.

Container freight station

Facilities where cargo container is consolidated, deconsolidated and temporarily stored during the shipping process

He vocalized the Third-party logistics and the scope of logistics. 1pl, 2pl and 3pl, 4pl is integration of ai along with 3pl. Why women choose logistics industry Job security is more compared to IT sector. Pay packages are high at initial stage compared to IT sector.

Prof.dr.K.C Balaji extended his gratitude towards the Chief guest and the audience present on behalf of the BBA Department by delivering the Vote of Thanks.
