

Two day International conference on

RECENT TRENDS IN MATERIALS AND MAGNETISM (RTMM 22)

Department of Chemistry, Loyola College (Autonomous),

Chennai - 600 034, Tamil Nadu, India

December 15th & 16th, 2022

Email id: icrtmm22@gmail.com

SCIENTIFIC SCOPE

Novel inorganic and organic materials help to develop sensors/devices in the fields of energy generation, electronics, digital data storage, catalysis, medicine, etc. These materials offer compact, highly efficient, eco-friendly alternative solutions to the current environmental crisis. This international conference (RTMM 22) would unfold opportunities for chemists, physicists, material scientists, research scholars, and students to discuss ground-breaking developments in areas such as Molecular Nanomagnets, Multifunctional magnetic materials, Molecular Spintronics, Optical Magnets, etc., for research collaborations at national and international level.
