## **ABOUT CLUB PROGRAM**

The primary aim of Loyola College is to provide university education in a Christian atmosphere to deserving students, especially those belonging to the Catholic Christian Community. The College aims at training young men and women of quality to be leaders in all walks of life and to serve their fellowmen in justice, truth and love. Further it fosters an atmosphere of intellectual vigour and moral rectitude in which the young men and women of our country may find their fulfillment and achieve greatness as eminent men and women for other and with others.

The overall development of a college student depends on three components namely curricular, co-curricular and extra-curricular activities. The extra-curricular activities play a vital role in developing skills specific to their career path and imperative for future job success. It provides opportunities to improve their leadership and interpersonal skills, while also increasing their self confidence.

Involving in extra-curricular activities allows students to link academic knowledge with practical experience, thereby leading to a better understanding of their own abilities, talents, and career goals. Finally, extra-curricular activities focus on institutional goals such as forming committed, competent and compassionate individuals. It also creates a sense of belonging to an institution and improves their self-esteem and confidence which in turn will help them to commit more fully to their academic endeavours.

## **CLUB ACTIVITES FOR 2018 & 19 BATCH UG STUDENTS**

“Men and Women for Others and with Others”

All undergraduate students of 2018 & 2019 batch need to acquire 60 hours of Club Activity Program apart from their regular classes to earn ONE credit as part of their Curriculum. Students have to register for the same through our college website [www.loyolacollege.edu](http://www.loyolacollege.edu) during the time announced by college over the public address system. The attendance for all the activities in the club will be posted through ERP by the respective club faculty advisor and the students can also check the same through their portal. Those who do not complete the required hours of club activities by the end of the academic year will be considered as Club Defaulters. The club defaulters have to register again in the subsequent year and carry out the club activity in the same club to complete and acquire the credits (excluding the final year students defaulting in club).

**All those students who fail to complete the club activity successfully, will not be awarded degree.**
